QUALITY ADVICE FOR QUALITY EDUCATION 

Call: 87400 04499

www.studymedico.com

ABOUT US

Since 2006 Study Overseas is a global education organisation that help students achieve their dreams to study abroad. We guide you to choose the best course in the best university that suits your budget.

We have been operating from 16 years, creating a huge network of opportunities with offices in over 30 countries. At Study Overseas, we are dedicated to support you at every stage of your study abroad journey.

Different cost effective options

Contrary to popular belief, foreign education is not always overboard with expenses. Some European countries do not even charge tuition fees for their course. They offer this facility because of Government funding of the education system. Scholarships are always available for eligible candidates. We shall help you prepare for the scholarship evaluation test. We maintain the latest resources of education funding opportunities in various countries of the world. You will find all necessary information at one place in our website. Our resources also include information on student swapping programs. Universities in different countries maintain ties with their Indian counterparts. Often students from different countries swap places. These are great opportunities for the eligible candidates.

Understanding the destination

Staying abroad is going to be a life-altering experience. Whenever you get to stay in a different culture and climate for a long time, it always has a changing effect in your life. You get to make new friends from across the world. You see new places, have new relationships, and learn new things. Besides, for studying further in certain disciplines, you have to choose the best university/college. Sometimes, the best one is in another country. We shall assist in the complete enrollment process at a suitable overseas educational center. Whether you seek admission in a Public University or a Private one, we shall help effectively.

Comprehensive counseling assistance

Our services also include providing guidance for securing an education loan. We have good connections in the education loan sector. Our suggestions would assist students in procuring the necessary monetary help on reasonable conditions. We shall provide the grooming assistance for the visa interview. This is a very crucial procedure deciding your access to the education system overseas. You need to be confident, honest, and brilliant in the interview. Our counselors shall conduct mock interviews until you are fully confident. We shall ensure you to achieve your dream of pursuing the best courses overseas. We shall assist in selecting the most appropriate course between different similar options. If you want to find the best courses in your subject in different countries, consult our site for the latest information. When you contact us via phone or emails, we shall promptly clear your doubts. After you compare the courses, the living costs, and other parameters, you can decide the right program on your own. Following your decision, we shall help to materialize it into reality.

India's relation with other countries

FROM THE DESK of DIRECTOR

It is my great pleasure to present our consultancy Study Overseas, established in 2006. STUDY OVERSEAS has achieved a phenomenal growth and completed 16 years in the service of overseas education.

Studying abroad is gradually becoming a popular trend among Indian students and they need an admission consultant for choosing the suitable course in a right college but most of the students are unaware about the admission procedures and hence we guide them in college admission and comprehensive admission guidance to students helping them to choose college & universities. Quality counseling has converted many dreams into reality. We deal

in all sorts of admission in **UK, USA, RUSSIA, EUROPE, CHINA, UKRAINE, GEORGIA, CANADA, AUSTRALIA, NEW ZEALAND, SINGAPORE** and other parts of the world.

Study overseas guides to gain excellent education in best overseas universities. Keeping in view the changing requirement of profession and best university overseas. We continuously update the courses and their syllabus being taught in universities.

You will be happy to know the track record of achievement of our study overseas, Many of our students have proved their mettle and have established themselves successfully in different Indian hospitals.

I once again extend a warm welcome and a cordial invite to visit our consultancy offices. STUDY OVERSEAS will help you to drive your career with maximum advantage.

With Best Wishes

Surender Singh Sahani

Director

PHILIPPINES

The Philippines officially the Republic of the Philippines is an archipelagic country in Southeast Asia. The Philippines is considered to be an emerging market and a newly industrialized country, which has an economy transitioning from being based on agriculture to one based more on services and manufacturing. Along with East Timor, the Philippines is one of Southeast Asia's predominantly Christian nations.

Medical education in Philippines is principally offered and developed by accredited and government recognized medical schools in the country. The Philippine medical schools are graduate schools offering the Doctor of Medicine (M.D.) degree. MBBS in Philippines is getting popular among Indian students who do not wish to study an additional language such as required in MCI recognized medical colleges or universities in China or European countries like Russia. This is due to the fact that, Philippines is an English speaking country. More than 95% of the people speaks English language. Philippines offers American system of medical education and the Primary Medical qualification is M.D. degree(MBBS). This qualification is globally recognized including the Medical Council of India. The MBBS program of Philippines is a unique opportunity for students who have passed 12th standard or equivalent examinations to pursue medical education of International standards. Colour, splendour and hospitable people, are all in the country of Philippines. With beaches and islands around it, the Republic of Philippines is like a mini retreat to vacationers and the local population alike. Weather condition is very similar to that in India, with rain and a temperate climate.

Capital	: Manila
Currency	: Philippine peso
Official language	: English, Filipino
International Dialing Code	: +63
Flight Duration	: 6 h 32 min

Why MBBS In Philippines ?

1. Philippines offers high quality education with a safe environment to the international students.
2. Philippines follow USA curriculum to study medicine.
3. The degree in medical obtained from Philippines is accepted globally. This helps the students to get a job in any part of the world.
4. The language of instruction is English which makes it a favorable place for many international students
5. The MBBS or MD degree from a college in Philippines is recognized by WHO and MCI.

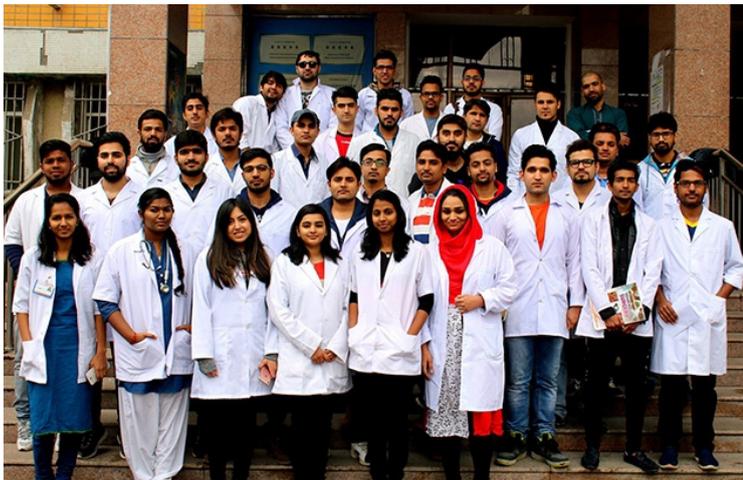

University of Perpetual Help

The University of Perpetual Help was founded by Dr./BGen. Antonio Laperal Tamayo and Dr. Daisy Moran Tamayo on February 5, 1975. Which is located in Las Pinas city, Philippines.

The University of Perpetual Help is the highly preferred choice for worldwide medical aspirants to pursue MBBS in the Philippines.

It is also known as the University of Perpetual Help System DALTA (UPHSD). The University of Perpetual Help is a pioneer in medical education in the Philippines and the school is expanded with the establishment of two campuses - Molina and Calamba campus and began to expand with a great infrastructure, curricular activities, organized programs, faculty members and research.

The University of Perpetual Help System DALTA is putting major efforts to achieve its goals of maintaining and sustaining education.

University of Perpetual Help - Overview

Basic Eligibility	: 10+2 with 50% in PCB
NEET Entrance Test	: Yes, it is compulsory
Course Duration	: 5.5 years
Medium	: English language
Universities Recognition	: MCI & WHO approved

Why University of Perpetual Help?

- The University of Perpetual Help is MCI approved and has the recognition of the WHO.
- The faculty members of University have graduated from prestigious institutions(Harvard, University of London, UCLA, PLM, FEU, De la Salle, UST, UC Davis etc).
- The University of Perpetual Help has an extensive network of national and international linkages.
- Review classes of medical board exams are given to the students at the University of Perpetual Help.
- The students will acquire knowledge for inter-school debates, research competitions and quiz shows, etc at the University of Perpetual Help.
- The medical degree provided by the University of Perpetual Help is accepted across the globe.
- The University conducts parents and professors meetings for interactions about the studies.
- The MD in Philippines is recognized and approved as an equivalent course to the MBBS by the MCI (Medical Council of India) who has established and maintain uniform standards of medical education.
- Philippines medical universities are widely renowned in many countries for the superior standard of education and also have listed in the WHO, IMED and ECFMG medical education directories.
- Philippines medical colleges are regulated by the Philippines ministry of education and that is why Philippines colleges do not have any capitation fees as well as no donations to be paid for enrolment. Another advantage of an Indian student is the climate of the Philippines.
- The other advantage of the similar climate is, people having the same pattern of disease which aids to the Indian students who want to practice in India.
- In Philippines getting an admission in Manila would be the best for foreign students as it is the most secure city in the world in terms of crime

Accreditation and Recognition

- Approved by Medical Council of India (MCI)
- Accredited by CHED, Philippines
- Recognised by Medical board of California (USA)
- FAIMER
- Recognised by the World Health Organization (WHO)

Emilio Aguinaldo College

The Emilio Aguinaldo College School of Medicine was founded and established by Dr. Paulo C. Campos, a National Scientist in Nuclear Medicine. It was formally opened on July 23, 2001 with 24 enrollees. Dr. Salvador R. Salceda, an ophthalmologist, became the first Dean (2001-2003), followed by a gastroenterologist, Dr. Esteban P. Pineda (2003-2010), and a surgical oncologist, Dr. Conrado C. Cajucom (2010-2013). The fourth and present Dean is Dr. Asuncion L. Abaya-Morido, a general surgeon and the former Hospital Director of Medical Center Manila, now known as the Manila Med.

Our founder envisioned the School of Medicine to be an outstanding institution for medical education and health research. As such, the School shall provide an education and scientific environment that prepares the students to become professionally competent, socially-relevant and compassionate physicians with a strong commitment to lifelong learning. It is also committed to undertake relevant reforms on medical education in response to changing national and global health needs and scenarios, as well as newly generated medical information.

The School of Medicine is staffed by dedicated, respected and competent academicians, as well as clinicians who are well-known in their fields of specialty. It implements an outcome-based, synchronized curriculum, with early clinical integration and emphasis on interactive learning process. It also boasts of well-equipped classrooms, basic science and skills laboratories and a library.

In the past, classrooms, laboratory facilities and offices were all confined at the 9th floor of Building 7, and Building 5. But due to the growing population of both medical students and faculty members, expansion to the EAC Building 7, 10th floor became necessary.

About Emilio Aguinaldo College - Overview

Davao Medical School Foundation

The Davao Medical School Foundation, Inc. (DMSFI) was established in July 1976 in response to the recognition of the lack of doctors serving rural communities and lack of specialist in urban centres of Mindanao. Its College of Medicine was thus the first such college to be set up in Mindanao and is dedicated to providing medical education and training of the highest order, leading to the provision of effective medical care in both rural and urban communities.

A consortium, the members of which are the Ateneo de Davao University, Broken shire Memorial Hospital, the Development of Peoples' Foundation, San Pedro Hospital and San Pedro College, operates the Foundation. It is registered with the Securities and Exchange Commission (SEC) as a non-stock, non-profit organization and is approved by the Commission on Higher Education (CHED). In addition to the College of Medicine, DMSF operates a College of Dentistry, an Institute of Primary Health Care (IPHC) and a Centre for Education, Research and Development in Health (CERDH).

The school is located on a 2.5 hectare site close to the centre of Davao City, which boasts of a stable climate, both in terms of its weather and its politics. There are five universities within the boundaries of the City as well as several schools and colleges. Students are affiliated to the Davao Medical Centre, the Davao Doctors Hospitals, San Pedro Hospital and Broken shire Memorial Hospital for their clinical rotations in the third and fourth years of their courses.
