# ABOUT US

Since 2006 Study Overseas is a global education organisation that help students achieve their dreams to study abroad. We guide you to choose the best course in the best university that suits your budget.

We have been operating from 16 years, creating a huge network of opportunities with offices in over 30 countries. At Study Overseas, we are dedicated to support you at every stage of your study abroad journey.

## Different cost effective options

Contrary to popular belief, foreign education is not always overboard with expenses. Some European countries do not even charge tuition fees for their course. They offer this facility because of Government funding of the education system. Scholarships are always available for eligible candidates. We shall help you prepare for the scholarship evaluation test. We maintain the latest resources of education funding opportunities in various countries of the world. You will find all necessary information at one place in our website. Our resources also include information on student swapping programs. Universities in different countries maintain ties with their Indian counterparts. Often students from different countries swap places. These are great opportunities for the eligible candidates.

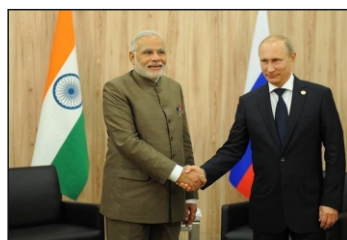

## Understanding the destination

Staying abroad is going to be a life-altering experience. Whenever you get to stay in a different culture and climate for a long time, it always has a changing effect in your life. You get to make new friends from across the world. You see new places, have new relationships, and learn new things. Besides, for studying further in certain disciplines, you have to choose the best university/college. Sometimes, the best one is in another country. We shall assist in the complete enrollment process at a suitable overseas educational center. Whether you seek admission in a Public University or a Private one, we shall help effectively.

## Comprehensive counseling assistance

Our services also include providing guidance for securing an education loan. We have good connections in the education loan sector. Our suggestions would assist students in procuring the necessary monetary help on reasonable conditions. We shall provide the grooming assistance for the visa interview. This is a very crucial procedure deciding your access to the education system overseas. You need to be confident, honest, and brilliant in the interview. Our counselors shall conduct mock interviews until you are fully confident. We shall ensure you to achieve your dream of pursuing the best courses overseas. We shall assist in selecting the most appropriate course between different similar options. If you want to find the best courses in your subject in different countries, consult our site for the latest information. When you contact us via phone or emails, we shall promptly clear your doubts. After you compare the courses, the living costs, and other parameters, you can decide the right program on your own. Following your decision, we shall help to materialize it into reality.

## India's relation with other countries

## FROM THE DESK of DIRECTOR

It is my great pleasure to present our consultancy Study Overseas, established in 2006. STUDY OVERSEAS has achieved a phenomenal growth and completed 16years in the service of overseas education.

Studying abroad is gradually becoming a popular trend among Indian students and they need a admission consultant for choosing the suitable course in a right college but most of the students are unaware about the admission procedures and hence we guide them in college admission and comprehensive admission guidance to students helping them to choose college & universities. Quality counseling has converted many dreams into reality. We deal

in all sorts of admission in **UK, USA, RUSSIA, EUROPE, CHINA, UKRAINE, GEORGIA, CANADA, AUSTRALIA, NEW ZEALAND, SINGAPORE** and other parts of the world.

Study overseas guides to gain excellent education in best overseas universities. Keeping in view the changing requirement of profession and best university overseas. We continuously update the courses and their syllabus being taught in universities.

You will be happy to know the track record of achievement of our study overseas, Many of our students have proved their mettle and have established themselves successfully in different Indian hospitals.

I once again extent a warm welcome and a cordial invite to visit our consultancy offices. STUDY OVERSEAS will help you to drive your career with maximum advantage.

*With Best Wishes*

# Malaysia

Malaysia, a nation of Southeast Asia, lying only north of the Equator that is made out of two regions: Peninsular Malaysia (Semenanjung Malaysia), additionally called West (Malaysia Barat), which is on the Malay Peninsula, and East (Malaysia Timur), which is located the island of Borneo. The capital of Malaysia Kuala Lumpur, lies in the western part of the peninsula, around 25 miles (40 km) from the coast; the absolute focus, Putrajaya, is situated around 16 miles (25 km) south of the capital.

Malaysia, an individual from the Commonwealth, addresses the political marriage of regions some time ago under British standards. When one set it up on September 16, 1963, Malaysia contained the domains of Malaya, the island of Singapore, and the provinces of Sarawak and Sabah in northern Borneo. In August 1965, Singapore withdrew from the organization and turned into a self-governing republic.

## Why MBBS in Malaysia ?

Studying MBBS in Malaysia is relatively less expensive compared with other European nations. The colleges likewise offer you the possibility of interning just as working just after school, when you get your work license. Scoring good marks on the entrance test for MBBS in Malaysia can likewise land you scholarships on both educational expenses and living expenses. Private colleges might be

somewhat costly, yet schooling's nature makes it worth the expense. Courses a part of MBBS in Malaysia follow the worldwide examination pattern. The primary Semester begins around September or October and finishes around January or February. Every Semester is about 20 weeks long, including a 6-week assessment period. A part of the schools and colleges also give present alumni programs to those willing to proceed with their schooling and research, making an MBBS in Malaysia an incredible choice.

No Entrance test is needed to study in Medical colleges of Malaysia (Only NEET Qualification is sufficient). No capitalization expense.

The Indian students looking for admission are admitted in those organizations which this medical committee of India perceives for screening tests led by MCI.

## New Castle University Medicine Malaysia

Newcastle University (legally the University of Newcastle upon Tyne) is a UK public research university based in Newcastle upon Tyne, North East England with overseas campuses in Singapore and Malaysia. The university is a red brick university and a member of the Russell Group an association of research-intensive UK universities. It holds the Gold Award in the Teaching Excellence Framework (TEF), one of ten Russell Group universities to achieve the Gold TEF rating. The university can trace its origins to a School of Medicine and Surgery (later the College of Medicine), established in 1834, and to the College of Physical Science (later renamed Armstrong College), founded in 1871. These two colleges came to form one division of the federal University of Durham, with the Durham Colleges forming the other. The Newcastle colleges merged to form King's College in 1937. In 1963, following an Act of Parliament, King's College became the University of Newcastle upon Tyne.

The university subdivides into three faculties: the Faculty of Humanities and Social Sciences; the Faculty of Medical Sciences; and the Faculty of Science, Agriculture and Engineering. The university offers around 175 full-time undergraduate degree programmes in a wide range of subject areas spanning arts, sciences, engineering and medicine, together with approximately 340 postgraduate taught and research programmes across a range of disciplines. The annual income of the institution for 2017–18 was £495.7 million of which £109.4 million was from research grants and contracts, with an expenditure of £483.3 million. Newcastle University currently has one of the largest EU research portfolios in the UK.

NUMed Malaysia will not give special consideration to such statements made at a later time.
- New Castle university medicine Malaysia ranking-
- Newcastle is a Russell Group University that consistently ranks in the top 20 in the UK for research power and student experience. Our position in the global rankings.

## International Medical University

The International Medical University (IMU) is Malaysia's first and most established private medical and healthcare university with over 25 years of dedicated focus in healthcare education. The university is the first university in Malaysia that offers conventional and complementary medicine, all under one roof.

IMU pioneered the world's first “Partner Medical School” program, allowing a student to start their education in Malaysia while completing and earning a degree at an International university (Australia, Canada, Ireland and UK). Students of IMU University could complete the entire MBBS program at Malaysia or complete 2.5 years in Malaysia and transfer to one of the “Partner Medical Schools”.
