## ABOUT BANGLADESH

---

Bangladesh is a South Asian country situated in the east of India on the Bay of Bengal. The country is known for its lush greenery and many waterways. Bangladesh has a warm and humid monsoon season that lasts from June to October and supplies most of the country's rainfall.

With the 25 public universities and 50 private universities for medical education, **MBBS in Bangladesh** is a good choice for Indian students. It is one of the **low-cost** MBBS programs among foreign countries for Indian citizens. With time this country is becoming one of the preferred destinations for medical students around the world who want to get MBBS degree abroad.
