ABOUT US

Since 2006 Study Overseas is a global education organisation that help students achieve their dreams to study abroad. We guide you to choose the best course in the best university that suits your budget.

We have been operating from 16 years, creating a huge network of opportunities with offices in over 30 countries. At Study Overseas, we are dedicated to support you at every stage of your study abroad journey.

Different cost effective options

Contrary to popular belief, foreign education is not always overboard with expenses. Some European countries do not even charge tuition fees for their course. They offer this facility because of Government funding of the education system. Scholarships are always available for eligible candidates. We shall help you prepare for the scholarship evaluation test. We maintain the latest resources of education funding opportunities in various countries of the world. You will find all necessary information at one place in our website. Our resources also include information on student swapping programs. Universities in different countries maintain ties with their Indian counterparts. Often students from different countries swap places. These are great opportunities for the eligible candidates.

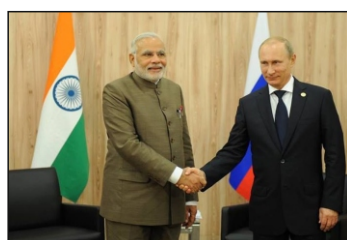

Understanding the destination

Staying abroad is going to be a life-altering experience. Whenever you get to stay in a different culture and climate for a long time, it always has a changing effect in your life. You get to make new friends from across the world. You see new places, have new relationships, and learn new things. Besides, for studying further in certain disciplines, you have to choose the best university/college. Sometimes, the best one is in another country. We shall assist in the complete enrollment process at a suitable overseas educational center. Whether you seek admission in a Public University or a Private one, we shall help effectively.

Comprehensive counseling assistance

Our services also include providing guidance for securing an education loan. We have good connections in the education loan sector. Our suggestions would assist students in procuring the necessary monetary help on reasonable conditions. We shall provide the grooming assistance for the visa interview. This is a very crucial procedure deciding your access to the education system overseas. You need to be confident, honest, and brilliant in the interview. Our counselors shall conduct mock interviews until you are fully confident. We shall ensure you to achieve your dream of pursuing the best courses overseas. We shall assist in selecting the most appropriate course between different similar options. If you want to find the best courses in your subject in different countries, consult our site for the latest information. When you contact us via phone or emails, we shall promptly clear your doubts. After you compare the courses, the living costs, and other parameters, you can decide the right program on your own. Following your decision, we shall help to materialize it into reality.

India's relation with other countries

FROM THE Desk of DIRECTOR

It is my great pleasure to present our consultancy Study Overseas, established in 2006. STUDY OVERSEAS has achieved a phenomenal growth and completed 16 years in the service of overseas education.

Studying abroad is gradually becoming a popular trend among Indian students and they need an admission consultant for choosing the suitable course in a right college but most of the students are unaware about the admission procedures and hence we guide them in college admission and comprehensive admission guidance to students helping them to choose college & universities. Quality counseling has converted many dreams into reality. We deal

in all sorts of admission in **UK, USA, RUSSIA, EUROPE, CHINA, UKRAINE, GEORGIA, CANADA, AUSTRALIA, NEW ZEALAND, SINGAPORE** and other parts of the world.

Study overseas guides to gain excellent education in best overseas universities. Keeping in view the changing requirement of profession and best university overseas. We continuously update the courses and their syllabus being taught in universities.

You will be happy to know the track record of achievement of our study overseas, Many of our students have proved their mettle and have established themselves successfully in different Indian hospitals.

I once again extend a warm welcome and a cordial invite to visit our consultancy offices. STUDY OVERSEAS will help you to drive your career with maximum advantage.

With Best Wishes

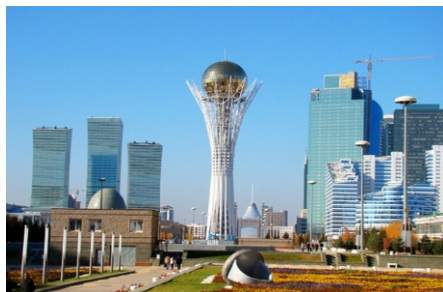

Surender Singh Sahani

Director

KAZAKHSTAN

Kazakhstan, a Central Asian nation and previous Soviet republic, reaches out from the Caspian Sea in the west to the Altai Mountains at its eastern outskirt with China and Russia. Its biggest city, MBBS in Kazakhstan is for the students willing to become good doctors but in affordable costs. It is not possible for every student to bear the high donation or tuition fee charges in the Indian private medical colleges. So

MBBS in Kazakhstan can be a very wise decision to make. Students can avail the facilities which the medical universities in Kazakhstan offer and that too in affordable costs. The universities are well equipped with all modern amenities and also have a good infrastructure and campus. Hostel and Food facility is also available for the students coming from all corners of the world. The education system in Kazakhstan and specially the medical universities attract many foreigner students every year.

WHY STUDY IN Kazakhstan ?

- MBBS from the top MCI approved medical institutions
- Affordable tuition fee and living expense
- Hassle-free admission process
- No capitation and no entrance exam
- Safe and peaceful atmosphere good for studies
- Cooperative and qualified faculties to assist
- Instruction in English for the international medical candidates
- Hostel facilities for Indian and other international medical students
- World-class medical education, infrastructure, and accommodation facilities
- Admission in 90 year old government universities.
